All-Stars Win County Title Play in Regional Tourney Today

After clinching the San Diego County championship last Friday, Lemon Grove Little League All-Stars move into their first game against El Monte this afternoon in the Regional tournament at West Covina.

Chartered buses are taking spectators to the West Covina game which begins at 5:30 p.m.

Board Slashes Salary Proposal, Raises Budget

District High School Budget Up \$187,500

A salary schedule proposal presented by the Grossmont Union High School District faculty was slashed 50 per cent and placed on a conditional basis by the Governing Board at the budget hearing Monday evening.

The faculty salary group, headed by John Schwendiman, had requested an increase of 5.5 per cent, which would have established a salary schedule ranging from \$3200 to \$10,000.

Although State funds, available to the District had been increased to \$446,000 as a result of last minute action at the special session of the legislature, the Board decided that the uncertainty surrounding \$375,000 of anticipated income from the Federal Impact assistance law required making the salary increase conditional. Mrs. Portia Goode dissented feeling that the Faculty Salary Committee had established a strong case for the higher salary schedule which had been presented.

Classified employees' salaries and hourly instructional rates were included in the 2.75 per cent increase.

Rex Hall, board president, pointed out that cost of living had increased by only 1.7 per cent during the last year in California and urged a "hold-the-line" vote on the tax rate.

The result of the Board action will set the current operation tax rate at \$1.26, which is the same as last year.

After lengthy discussion on salaries, the Board increased the total budget by \$187,500, reduced capital outlay by \$100,000, and added \$287,500 to undistributed reserve.

The increased amount in undistributed reserve will be held there and will become available for financing other portions of the budget if the District should lose the \$375,000 in anticipated Federal revenue.

The Board also authorized a letter to the El Cajon Chamber of Commerce clarifying the position of the District with respect to purchase of milk products.

S.V. School Tax Rate To Rise 15 Cents

The La Mesa-Spring Valley school district will operate on a budget of \$6,248,018, about a half million dollars more than last year, but \$100,000 less than listed in the preliminary budget.

Trustees raised the operating tax rate 15 cents for each \$100 assessed valuation to \$1.85.

The budget does not include salary increases other than annual increments. Board members pointed out that the district will receive less additional state money than had been expected and the certificated and classified employees received pay raises last year.

The board had reduced proposed expenditures by \$145,000 last month. A large portion of both reductions had been set aside for possible salary increases.

Trustees will meet August 29 to consider final adjustments in the budget. Officials said the effect of the Legislature's school finance revision bill will be known by then.

The buses are leaving from the Food Basket parking lot at 12:30. Cost of the round-trip is \$5 and reservations may be made by calling Connye Darrow at 469-9541.

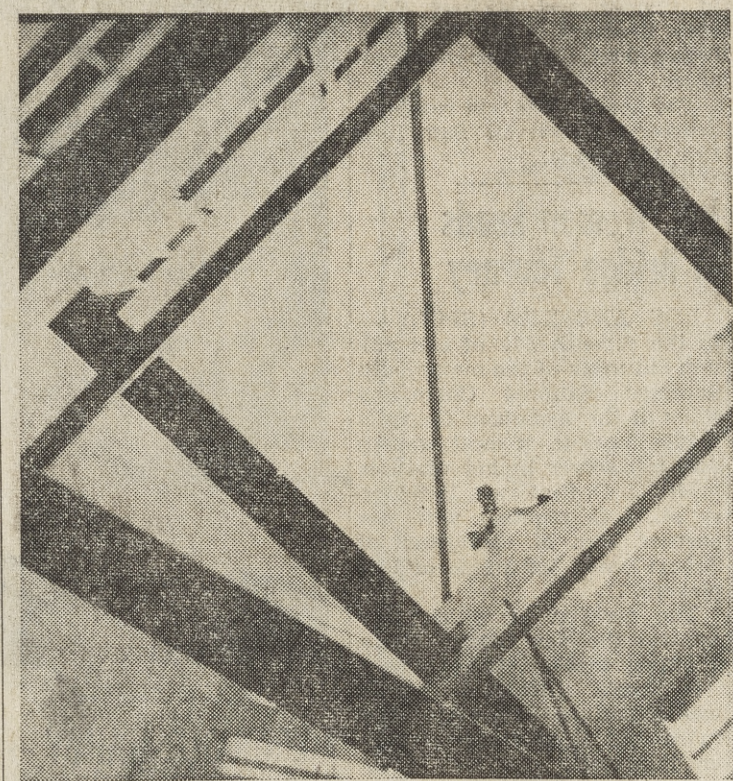

The Lemon Grove ball club edged its way to the County championship by defeating Skyline, Southeastern, San Diego American, Escondido and National City, all-stars. Lemon Grove finally captured the title by trouncing Loma Portal last Friday in a 6-2 Sectional tournament game.

Lemon Grove Coach Shorty Bannister called the local all-stars "a real fine defensive and offensive ball club with good, steady pitching."

Lemon Grove Little League All-Stars are Keith Carson, Willard Cook, Jeff Buckner, Mark Grissenger, Tom Daniels, Kurt Darrow, Mike Drew, Richard Fox, Ronnie Real, Lane, Rider, Maurice Wondrash, John Verdusco, Bill O'Connor, Mike Tyler, Bill Hanks, Robert Lybrand and John Midose.

Larry Chambes is manager of the team.

The winning team of the Regional tournament at West Covina will become the Little League champions of Southern California. The Southern California champion all-star team then will go to Sunnyvale, Calif. to play champion teams from five western states.

United Nations Talk Stirs L.G. Men's Club

Admitting that the United Nations produced controversial opinions, Rabbi Louis Weiss, a "briber" of the San Diego Association for the United Nations, controversialized the Lemon Grove Men's Club Friday. A "briber," he explained, is merely a speaker with facts.

Weiss, who is a capable and knowledgeable speaker, let the membership of the club know at the beginning that there are many who feel the cause of communism is being aided by those who oppose the United Nations organization just as strongly as those who believe the United Nations is the bulwark of democracy and Americanism.

Uproar Follows

The uproar which followed, during a question and answer period, was productive of many and varied opinions and the discussion proved to be as stimulating as any the club has had

GOOD OL' DAYS — A nostalgic visit was held in Lemon Grove when the owner of a 1929 Model A Ford, actually used in the U. S. postal service, drove it to the Lemon Grove Post Office last week. Discussing what's happened in the 34-year spread between the birth of the Model A Ford and the new mail truck are L.G. Postmaster Frenchy Faucher, who

used to drive one of the Model A trucks, and Model A owner Joe Bennett of Long Beach. Bennett's truck was in San Diego at a national convention of old-time autos at El Cortez Hotel. It was awarded first place as the "most newsworthy" vehicle. Bennett obtained special permission from the U.S. Post Office Department to leave the lettering and numbers on the truck.

Church Wins Appeal on County Planning Ruling

SAN DIEGO (CNS) — A Lemon Grove church that stood firm against conditions imposed for a special use permit for ex-

pansion of its Sunday school rooms won its point Tuesday before the Board of Supervisors.

Supervisors granted the Skyline Wesleyan Methodist church the special use permit without conditions for granting any right-of-way for corner rounding at Skyline and Carlisle drives.

Paul Howard, spokesman for the church, insisted that the rounding was not necessary at this time, but added that the church would be happy to discuss the matter with the county when the matter was pertinent.

Howard was appealing the conditions of the permit which were required by the County Planning Commission.

The commission had deleted one condition for right-of-way on Osage dr. after the County Road Department discovered

that sufficient right-of-way already existed.

Supervisor David W. Bird, who represents the area, made the motion to grant the permit, because he said the corner rounding would be needed only for sidewalk to serve the church and that they could take care of that when the church wanted the sidewalk.

A request for rezoning the church property to avoid the necessity for a special use permit was not granted, because a new hearing would have been necessary.

Howard was informed that he could apply for rezoning at any time he wanted.

A church does not require a special use permit in R-3 or R-4, multiple family dwelling uses, zones, according to Robert Berrey, assistant county counsel.

Fuzzy Education Bill Killed

It was the astuteness of the Republican representatives in Sacramento during the past four weeks that got eight million dollars whacked off Governor Pat Brown's supplemental budget last week.

As the Legislative session ended, the Administration was forced to settle for \$126.7 million instead of \$134.8 it had demanded, and a fuzzy Aid to Education Bill went out with it.

During budget time the Education Bill was an undefined document the Education Conference Committee had never taken the trouble to spell out. By refusing to buy the total budget that would have carried with it the unknown quantities of the Education Support Bill, Republicans may face the wrath of school supporters at upcoming elections, some Democrats are saying.

But as Assemblyman Dick Donovan put it as he returned this week from the Capitol wars, "We wanted a decent, workable Education Bill and we wanted to see what we were asked to vote for. We couldn't represent our constituents properly unless we knew what we were representing them on."

Schools will get \$25 million in 1963-64 and another \$25 million in 1964-65 unless supplemental funds are added, enough to get them by until the Administration decides to present a sensible, understandable program. "Then it will pass easily," Donovan predicted.

The four extra weeks of sessions cost taxpayers about \$16,000 a week in supplemental expenses but in the end \$8 millions in taxes was saved. As good as any part is that it should produce an education support bill that will make sense.

If better school programs will finally result, it is a condition we all desire.

Cash Card Vs. Credit Card

When it was announced that Secretary of the Treasury C. Douglas Dillon had proposed a tax cut for those who buy Japanese investments, it occurred to us that no sanctions are being offered to those who want to buy American, and we wonder why.

Grossmont College Budget Deflated Taxes Drop as Salaries Rise

The Governing Board of the Grossmont Junior College District adopted a 3.5 cent decrease in the operating tax rate at a budget hearing Monday evening.

Action came after Associate Superintendent Harold G. Hughes indicated that the State apportionment had been increased by \$80,000. This additional income made it possible for the Board, while reducing taxes, to increase the faculty and administrative salaries by approximately 5%.

The new schedule will begin at \$5400, with a maximum of \$11,000, compared to the old schedule which ranged from \$5,150 to \$10,450.

The schedule was adopted by a 4-1 vote with Board Member Robert Dryden dissenting.

Increase Proposed
The Faculty Salary Committee had proposed a schedule ranging from \$5,600 to \$11,495 to be competitive with schedules in other Junior Colleges.

A letter from Dr. Frank Gigliotti, president of the County Taxpayers Association, urging the Board to hold the line on the tax rate, was read to the Board by Miss Nellie Fuller.

Classified Salary Change
The Board also decided that classified salaries for the College will be changed in accordance with any salary adjustments granted the classified staff of the High School District since both groups are operating

under the same classification system.

The Board unanimously adopted the budget as published but added the additional State apportionment of \$80,035 to the undistributed reserve fund.

Building Authorized
The Board also authorized the purchase of a Butler steel building to serve as the maintenance center for the Grossmont College campus in North Fletcher Hills. Hughes said that "this would reduce the cost of the proposed maintenance center by approximately 50%."

Resignation Deferred
The Board deferred action on the resignation of Lewis F. Smith as superintendent. Smith and Hughes were temporarily continued as superintendent and associate superintendent, respectively, under the one dollar a year contract which had been in effect during the past two years.

Smith indicated his resignation was prompted by a desire to eliminate the inefficiency resulting from a duplication of effort on the part of the two administrators.

After the meeting Smith said, "Hughes is doing the work and he should receive the title and the credit in the form of additional compensation."

Fire Dept. Calls At Startling Low

The Spring Valley Fire Department registered a surprising low in ambulance and fire calls last week.

The only ambulance call of the week was Friday, August 2, Martha Patton of 9063 Lemon st. was taken to Grossmont hospital. She had been operated on previously and the incision had reopened.

A fire at the home of Carl Campbell, 2801 Helix st., Saturday, started when a candle fell from the headboard onto a bed setting the bedding afire. Damage was estimated at \$75.

The two other area fires were started by children playing with matches. One was on the corner of Jamacha rd. and Elkton blvd. A seven-year-old and a five-year-old started the grass fire on property owned by Bollenbacher-Kelton Company.

The second fire was in a vacant lot north of Thayer dr. in Spring Valley. No damage was reported in either fire.

Park District Election Date Set for Sept. 10

SAN DIEGO (CNS) — Formal adoption of the resolution setting the date for the election to form the Spring Valley Recreation and Park District was taken Tuesday by the County Board of Supervisors.

The election was set for Sept. 10 and will set a 20 cent tax limitation for the proposed district to furnish recreational facilities for the main populated areas of Spring Valley and La Presa. The supervisors will be the board of directors of the proposed district to work with a local advisory committee.

BRIGHT FUTURE — It takes a heap of candy bars and potato chips to raise \$8,000 profit, but that's what the Concessionaire Committee of the Mt. Miguel Boosters Club is going to do. Mrs. Val Bierwirth, 8282 Palm st., Lemon Grove, Concessionaire chairman, left, is shown with some of the snacks she sells at the Mt. Miguel concession stand while some of her regular customers hold the day-

light-type lamps to be used in the \$8,000 worth of lighting. So far there is \$2,000 in the kitty. \$1,200 was raised during the winter season and the rest was earned during the current summer season. Left to right, in addition to Mrs. Bierwirth are Jan Norman, a senior; Robert Dye, a senior; and Susan Bierwirth, a freshman, all of Lemon Grove.

Writing Contest Called for High School Students

The Ladies Auxiliary to the Veterans of Foreign Wars has announced the opening of its 29th annual National High School Writing Contest. The topic will be "The Foreign Student in America—An Opportunity for Friendship."

The writing contest, first started in 1935, is intended to put before the student some problem of patriotism, citizenship or similar topic about which he must study and learn in order to write the essay.

During the last school year, more than 42,000 students participated in the contest which closed last April.

Mrs. Florence K. Ronald, publisher of The Daily Republic, Mitchell, South Dakota, served as chairman of the national judges. Other judges were Harry Reasoner, New York, CBS news correspondent, and Senator George McGovern (D-S.D.).

Students in all public, private and parochial high schools are eligible to enter the contest.

National prizes are: first, \$1,000 cash; second, \$500; third, \$250; fourth, \$100 and gold medals; and 20 other cash awards for honorable mention.

Entombment followed in Greenwood mausoleum.

Workshop Set

"Is the church relevant in the area of family responsibilities?" This will be the theme of a workshop at St. Philip's Episcopal Church Thursday, August 15, at 7:30 p.m.

The Rev. Melvin Harter will be chairman of a panel at the workshop, which is under the auspices of the San Diego County Council of Churches.

The workshop is open to the public. St. Philip's Episcopal Church is located at Palm and Hardy, Lemon Grove.

Home Economics Teacher to Wed Local Airman

Mr. and Mrs. Walter H. Krehbiel of Reedley, Calif., announce the engagement of their daughter, Mary Margaret, to Thomas E. Halvorsen of Lemon Grove.

A December wedding is planned in Reedley.

The bridegroom-elect, son of Mr. and Mrs. Linn Halvorsen, 6777 Central ave., attended Lemon Grove elementary schools and was graduated from Helix high school. He attended the University of Washington and presently is stationed at Point Avena Air Force Station, Calif., as a radar repairman.

Miss Krehbiel, of 106 E. First st., Cloverdale, Calif., will be starting her second year of teaching home economics at Cloverdale Union high school.

The bride-elect is a graduate of Reedley high school and senior college. She attended Los Angeles State College and received a B.S. degree from Bluff.

Heart Association Receives Gift

A memorial gift in the name of Thomas H. Kinnersley, 7685 Central ave., was given to the San Diego County Heart Association during July.

"These financial contributions enable the Heart Association to continue its research programs to combat heart and blood vessel diseases," Paul H. Morton, M.D., president, said.

The next of kin of the person remembered was notified by the Association.

Bureau Helps Find Birth Date, Place

Last year, more than 17,000 residents of California turned to the Bureau of the Census for help in proving where and when they were born, the Bureau reported.

They needed proof of age to collect social security and other retirement benefits. They needed it to qualify for jobs carrying certain age or citizenship requirements. They needed it for some forms of insurance.

These persons who requested assistance from the Census Bureau last year were among an estimated 20 million United States residents who are without proof of age or birthplace.

The historical records of the Census Bureau provide the only acceptable source of this information for many of these people. Since its beginning in 1790, the U.S. Census has recorded identifying data for almost 350 million persons, many of them listed several times in separate censuses. The Bureau has provided copies of these records to about three and one-half million people, as legal proof of age, place of birth, citizenship, or kinship.

Persons seeking such a record for social security purposes should go to the local Social Security Office, or, for other purposes, write to the Personal Census Service Branch, Bureau of the Census, Pittsburgh, Kansas, for an application form.

A fee of \$3 is charged for a search of not more than two censuses for one person and for one copy of the information found. Additional copies cost \$1 each.

An expedited search costs \$4. Expedited searches are usually completed within a few days while the routine \$3 search may take up to 30 days, depending upon the backlog of requests.

SENIOR CITIZENS CALL TWO MEETINGS

Lemon Grove Senior Citizens have scheduled their next meeting Aug. 12 at 11:30 a.m. in the Lemon Grove Youth Center.

The meeting on Aug. 26 will be held in Mayflower hall at the First Congregational Church, 2770 Glebe rd., L.G.

In September, the group will start using shuffleboard courts being provided for them at the green spot park on Washington st.

WHEW! THAT WAS CLOSE — Wade Doughty, right, former city editor of the Winchester Beacon, Kansas, was on his way to his office in San Diego Friday morning when "a kind of Sheppard dog walked out in front of me real slow," he said. Doughty, 58, was driving west on 94 from his home at 532 Willet, El Cajon. He said he applied his brakes and swerved away from the dog. However, he struck the canine, plowed through two guard

rails and plunged down a 25-foot embankment between the east and west bound overpasses on Buena Vista. "I rolled over three times as near as I can remember, and tried to roll with the car," he reported. The car, which he bought new three weeks previously, landed upside down on Buena Vista. Doughty, who was not using safety belts, suffered only minor cuts and bruises.

Kids Free At Hot Rod Show

Kids day is August 17 at the International Hot Rod Show which will be in Balboa Park's Electric Building August 16-18.

Larry Brown, president of the sponsoring San Diego Car Club Association, said that little leaguers, cub scouts, junior school patrols, brownie scouts and other kids under 12 will be admitted free when accompanied by an adult.

He said a mammoth model car contest and sports car slot racing will be a show feature for kids as will the racing movies.

Continuous showing will include national drags, Indy 500's, and the Daytona 500. Roth's "Outlaw," which man-

Donovan Charges 'Bossism' In Governor's Budget Bill

State Assemblyman Richard J. Donovan returned to San Diego last weekend after the adjournment of what he called one of the most protracted and capricious special legislative sessions in State Assembly history.

He said the four week session was characterized by impasse, deadlock, lock-in, threats, and charges of bossism.

The session ended Thursday with the final passage of the education bill which will disburse some \$25-million in aid to local school districts. "A ridiculously inadequate amount," Donovan said, "The Assembly had voted a much larger amount and even the Senate had agreed on \$40-million before the matter was turned over to a conference committee of four Democrats and two Republicans. The Democrat leaders are trying to charge us with playing partisan politics at the expense of the State and scuttling the budget and education

bills. Yet they control both houses and all of the committees."

Earlier in the week the legislators had approved a supplemental budget worked out by a six man joint committee. Assemblyman Donovan was named one of three Assemblymen members to hammer out a compromise budget. "Members of the two houses worked harmoniously to reach an agreeable solution," Donovan pointed out.

"In spite of the Governor's pressure."

Dohovan explained that the Governor had used every political trick in the book to force the legislature to yield to his demands.

"Before calling the special session, he blue-penciled appropriations for junior colleges, recreation and other projects in the districts of those Senators and Assemblymen who opposed his highly unpopular withhold-

ing tax. Even his own party members fell victim to his tantrum." The Governor also delayed signing bills which had been passed in regular session allegedly to threaten legislators. Democrat Senator McAteer publicly denounced this Brown tactic.

The climax of the stormy session came when the Assembly speaker locked all of the Republican members of the House in the Assembly chambers over-

night because they refused to approve the supplemental budget without considering the education bill first.

"I think we proved an important point in exposing the powerful one-man rule existing in our state. The public needs to know such things."

LOOKING AHEAD — Donald Amundson, geography teacher at Mount Miguel high school, points out the city of Kobe, Japan, one of 45 foreign ports he will visit while instructing geography aboard the M.S. Seven Seas. The 12,574-ton vessel has been modified to a floating university, which is cosmopolitan campus of the University of the Seven Seas — Springfield College. The wall map shows both the first and second semester cruise of the vessel. Amundson embarks from New York October 22.

Also we will have a special school on freezer living there from 10 'til noon on August 21.

Teacher To Float Around the World While in Class

Donald G. Amundson, world geography and English teacher at Mt. Miguel high school for the last three years, will take a one year leave of absence from the Grossmont School District to study geography first-hand.

Amundson will embark Oct. 22 from New York aboard the MS Seven Seas, a 574-ton European-Canada Line Vessel modified to serve as a floating University of the Seven Seas.

Will Teach Geography

With 24 fellow instructors selected from all over the United States and the world, Amundson will teach a combination college course of world-regional, cultural, physical and economic geography both semesters aboard the MS Seven Seas.

The ship will leave New York with approximately 500 students aboard and will accommodate other students in foreign ports, Amundson said.

First Semester

During the first semester cruise, the floating university will stop at 23 different ports along a route from New York to Lisbon to Barcelona, Naples, Beirut, Alexandria, Suez, Bombay, Singapore, Bangkok, Hong Kong, Yokohama, Honolulu and others. The semester will end when the ship moors in San Diego February 8, 1964.

Second Semester

During the second semester cruise, which begins February 18, the MS Seven Seas will take a southerly course traveling westward from San Diego to Honolulu, to Yokohama, Manila, Singapore, Rangoon, Madras and Colombo.

Sweeping further south, the vessel will travel to the tip of Africa visiting Tamatave, Dur-

Activities Told

All classes will be taught aboard the Seven Seas, Amundson said, and students will attend lectures and take field trips while visiting foreign ports.

The European-Canada line vessel has complete college facilities aboard, including classrooms, a library, air-conditioned study areas and dining rooms. Recreational facilities provided aboard the Seven Seas include swimming pool, deck games, musical instruments, a darkroom, movie projector and screens, and lounges.

A hospital and store also are among the conveniences aboard the vessel.

Accreditation

The University of the Seven Seas is affiliated with Springfield College, Springfield, Mass. All transcripts for the University of the Seven Seas are issued by Springfield College, an old established and fully accredited institution.

The University of the Seven Seas-Springfield College plans to build a permanent campus site in Ramona, according to Amundson.

University Registration

Registration in the University of the Seven Seas-Springfield College is open to undergraduates and graduate students, Amundson said. Information may be obtained by writing to the University of the Seven Seas, P. O. Box 71, Whittier, California.

Then, if an election on incorporation is desired, petitions signed by a number equaling 25 per cent of the property owners who own 25 per cent of the real property within the boundaries must be produced by the proponents.

The filing of the notice of intent delays for 90 days the effective date of the new law, AB 1622, requiring annexations and incorporations to be approved by a five-man commission, Brehm said.

The speaker this week will be Robert Small of the County Chief Administrator's Office. He will discuss Assembly Bill 59, the Welfare Aid Bill.

only would produce more government income, which in turn could allow for a reduction in taxes.

But it appears that almost anything that would ease the tax burden of those who earn by the sweat of the brow is forbidden.

The Big Boys who dictate the nation's credit policies by which we are allowed to buy major items at varying rates of interest and over varying lengths of time also have an impact on the cost of living. The interest rate you pay for your home or your car has varied greatly over the past few years. The rate is varied for the benefit of the Big Boys—Not the Working Stiff.

It has been amusing to see the credit card business thrive under somewhat of the same fiscal philosophy. Buy what you want, hand the clerk or salesman your credit card and you can walk out with your purchase with no cash having changed hands.

One of our friends, Mr. Oral Carpenter, the man who builds most of the high schools in east county, has been a chronic complainer of the credit card system. Carpenter is as easy with a buck as anyone we know, but he has complained bitterly that he is penalized for paying cash. When a credit card comes in the seller must pay for some bookkeeping, give 3 to 6 per cent to the credit card firm for their services, and wait several weeks to get the money.

Carpenter argues, usually with restaurateurs, that he is being penalized about 5 per cent for paying cash.

And he is, too. The situation is in keeping with the silly fiscal policy of giving tax breaks for foreign investments and allowing interest rates to rise to benefit the Big Boys whose money supply for products loans is in short supply because they can do better, taxwise, by investing it in Japan and other countries.

Well, there's a small victory we can report, but at least it is a step. A firm in Florida has come out with a "cash" card. It works just like a credit card except it permits the user a 5 per cent discount for paying cash.

The only catch is that the guys who thought up the idea get \$10 a year from each member of the club.

LETTERS TO THE EDITOR

VIEWS ON INCORPORATION

Dear Editor:

Having been interestingly connected with past efforts to ward the incorporation of Lemon Grove, there are a few opinions of my own that I should like to express.

1. In spite of the personal and costly financial support given in past moves toward incorporation, little or no real correct information actually reached Mr. and Mrs. John Q. Public who, in turn, tripped to the polls and voted down a question which would, in my belief have made a thriving metropolis of the Lemon Grove district instead of a wide place in the road where many of us were forced to sell our places of business or be forced into bankruptcy. This, no one can deny.

2. Those who worked fervently toward the successful formation of an area, with a great future so evident, were defeated by residents of the area who moved into the district to avoid "city" rules and regulations, plus the rumored "additional" taxation. Had more correct data been given this majority, the results would have been different.

3. It is an established fact that many large corporations do not care to move into an unincorporated area, which is most certainly the area's loss.

4. To "hinge" the future of an area by depending on another and even more difficult group to "sell" on a modern move is a fallacy. Spring Valley, composed of an excellent group of people, has definite plans for their own future which we believe does not include joining Lemon Grove in a contemplated incorporation move.

All of this is worth giving considerable thought. Let us profit by our past endeavors and mistakes.

Your for incorporating Lemon Grove.

ALOHA AND GREETINGS

Dear Friends and Parents:
I hope that Max Goodwin will allow me some space in his good newspaper for this letter in which we might bid our aloha to this friendly and co-operative community of Lemon Grove, and to Lemon Grove School District in general and Monterey Heights School area in particular. Mrs. Dostal and I are in complete accord when I say that we would need to search long and far to retire in

a better community than this one.

Your friendliness and your hospitality and rapport have been on a par — if not above par — with that of Hawaii; your community spirit and your conviviality have been "no ka oe" (second to none); your teachers and district personnel rate tops; your children have been most pleasant to work with and for. Over and beyond that, your local newspaper has been most outstanding and always interested as shown by its editorial philosophy. May you always continue to merit both.

With highly cherished memories of Lemon Grove, we shall soon depart for Hawaii — but only for a short time — since we have made plans to make our future home in Leisure World near Seal Beach, Calif., from where we plan to make visits to this community again as well as to many other parts of this State and to many of the other states. At the same time we shall look forward to being your hosts some day after we get settled at Leisure World.

Aloha nui loa,
Joseph and Elsie Dostal

Readying For Elections

Dear Editor:

This is an appeal to all Republicans who live in Spring Valley precincts 1 through 36 to spend two or three hours a month to help get Spring Valley organized for the 1964 elections.

No experience is required for a majority of the people needed. Interest and willingness to help is vital.

Beauties Vie for Miss College Prep

Mount Miguel, Monte Vista and Helix high schools will be represented by three local beauties in the 1963 Miss College Prep contest Aug. 19.

Miss College Prep and her court will be selected Monday night at the Naval Training Center from the 1963 co-ed graduates representing all high

schools in San Diego City and County.

Diane Cavallin of Lemon Grove will represent Helix high in the pageant; Mount Miguel high will send Miss Sherry Houseman of Spring Valley; and co-ed Dena Windsor of La Mesa will represent Monte Vista high.

The girls, all 17-18 years old, were invited to participate in the contest by special invitation, according to Bill Whitney, chairman of the event.

The queen and her court will be introduced prior to the kickoff of the fifteenth annual Southern California College Prep Charity Game August 28 at Aztec Bowl, San Diego State College.

Top Player Picked

Thirty San Diego football players, all 1963 graduates and selected from the top ranks of City and County high school teams, will line-up at 8:15 p.m. on the Aztec gridiron to face a similar team from the Los Angeles area.

Art Preston, El Capitan football coach, will coach the San Diego players, who will begin training August 19 at the San Diego, Marine Recruit Depot. The Los Angeles team will train at San Diego Naval Training Center.

Dental Charity

Proceeds from the game will be donated to the Children's Dental Health Center in San Diego. Dr. Robert Swenson, a Lemon Grove dentist who practices at 3293 Olive, is overall ticket chairman for the game.

Reserve seat tickets are \$3 and general admission is \$1.50.

S.D. Challenges

Last year's game attracted a standing-room-only crowd, Whitney said. Los Angeles won that game 20 to 6, and the San Diego players will be out to avenge the loss. The charity games have been played at Aztec Bowl since 1956, he reported.

League standings at the end of the second half were:

	W	L
Yellow Cab	7	3
S.D. Lions	7	3
Amvets	6	4
Montgomery Ward	5	5
Summer Sporting Goods	4	6
Sim J. Harris	1	9

Swim, Diving Championship Meet Called

Southern California's top swimmers and divers, plus contingents from Hawaii and Arizona, will gather in San Diego August 9, 10 for the largest local aquatic event of the year—

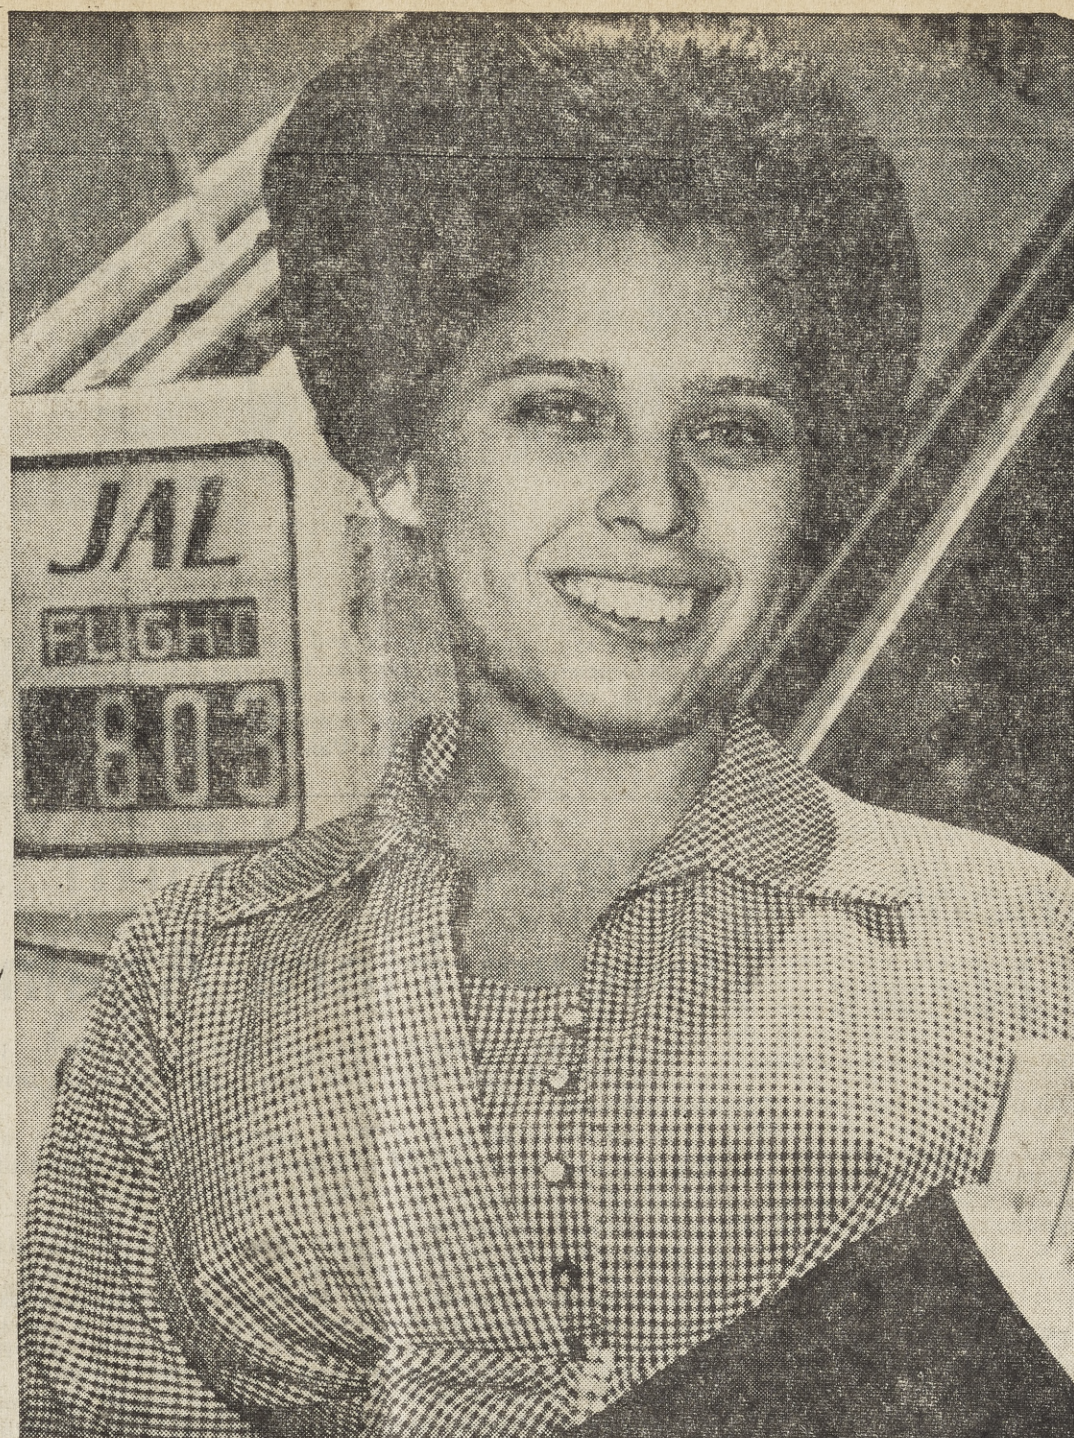

the Eighth Annual Fiesta Del Pacifico Swimming and Diving Championships.

Swimming events will be held at Mission Beach Plunge both days with trial heats at 10 a.m. and finals at 7 p.m. Diving competition for women will be held August 9 and for men August 10 at 1 p.m. at Ocean House.

A total of 54 swimming races will be offered in adult, 13-14, 11-12 and 10-and-under age classes for both sexes.

Events will include free-style, backstroke, butterfly, breaststroke, and medley relay. Diving will be divided into one-meter board diving for 12-and-under and 13-and-over and three-meter diving for adults.

The meet will be held under auspices of the San Diego Park and Recreation Department and sanction of the Pacific Southwest Association Amateur Athletic Union.

OFF TO YOKOHAMA—Eloise Silva of Spring Valley, waits before boarding airplane at San Francisco International Airport enroute to Japan. Miss Silva is participating in the San Diego-Yokohama Lion's Club student ex-

change program. Her parents, Mr. and Mrs. Edward Silva, 3727 Calavo dr., are hosting Hisataki Kimura, a Japanese engineering student.

Local SDSC Co-ed Swaps Home With Japanese Student

Eloise Silva, of 3727 Calavo dr., Spring Valley, is spending five weeks in Yokohama, Japan, as a participant in the San Diego Yokohama Lion's Club exchange student program.

Miss Silva's family, in turn, is hosting a Japanese student for the same period of time.

The student exchange originated as part of the San Diego-Yokohama Sister City program.

Six Lion's Clubs in the San Diego area are sponsoring exchange students. Miss Silva is being sponsored by Silvergate Lions.

Miss Silva, a sophomore at San Diego State College, will live with the Satoru Tsui family in Yokohama. She will be taken on a tour of Yokohama and Japan by members of the Yokohama Lions, and will spend a week in Honolulu on the return trip.

Mr. and Mrs. Edward Silva, Miss Silva's parents, are hosting a 21-year-old Japanese engineering student, Hisataki Kimura.

Miss Silva and Hisataki met in Yokohama as Miss Silva was arriving, and Hisataki was embarking for the United States. They will meet again in Honolulu on their mutual return trip.

During Hisataki's stay in Spring Valley he has been feted at a progressive dinner and various small get-acquainted parties. Hisataki and the five other Japanese students in San Diego were treated to dinner American-Japanese style at Myako's restaurant.

Elks Free Teen Dance Open To Local Youths

A free teen-age dance is being sponsored by the El Cajon Elks Lodge No. 1812 August 15. Music will be supplied by Morrie Kelly and his Fletcher Hills Lions Club Dixieland Band.

Dancing will be between the hours of 8:30 and 10:30 with the doors of the lodge ballroom being opened at 8:15 p.m. The Lodge at Washington ave. near Jamacha rd.

Teen-agers from the Grossmont high school district area will be admitted without charge providing they are properly attired. Girls should wear dresses. No slacks or capris will be permitted.

Boys should wear a shirt and necktie but coats will be optional.

Boys in sweaters will not be admitted unless a shirt is worn.

The parking lot and area will be patrolled by the El Cajon Police Reserve officers. Any teen-ager leaving the ballroom will be required to promptly leave the premises. They will not be readmitted to the dance area.

The dance is being sponsored by the El Cajon Elks as a youth activities free community service. They recently sponsored the Junior Olympic Gymnastics meet. If the dance proves to be popular, other teen-age activities will be scheduled during the year.

The living sign with each letter approximately 40 inches high were supplied by the Lemon Grove Chamber of Commerce in conjunction with the L.G. Junior Chamber. The sign will appear in many parts of the state and frequently throughout the county replacing the old, familiar fan type displays the girls formerly used. In the photo are Banderettes Elena Gomes, Judy Bennett, captain, Carol Beals, Cheryl Dahlgren, Alice Whittington, Janis Dow, Louise Van Riper, Nancy Long, Chris Blevins and Inga Neighbors.

Grossmont College News

Copies of the Grossmont Junior College catalog for 1963-64 are available at the college book store for 50 cents per copy. The catalog is a complete listing and description of each of over 330 separate courses being taught at the college.

Additional data, as to particular semester of presentation, unit values and course sequence, is given in the catalog. The publication contains full information as to admission, transfer, planning a course of study, college services, graduation requirements, and general items as to the scope, purpose, and facilities of the local community college.

INDUSTRIAL ELECTRONICS COURSE OFFERED

Immediate employment for students graduating from a two-year course in Industrial Electronics at Grossmont College recently was foreseen by the Tri-College Technical Education Survey. The course will be offered by Grossmont College during 1963-64.

It is designed to provide background preparation in physics, mathematics, and graphics, followed by specific training in industrial electronics. Technicians already working in electronics may specialize within the field.

Interested persons of the Grossmont College District may

apply during the summer with the Office of Admissions. High school graduates who possess competency in mathematics and physical science particularly are urged to consider the program.

Political Science Program Expands

Expansion of the Grossmont College Political Science curriculum for 1963-64 has developed through efforts of a local committee of peace officers and Grossmont College officials.

Courses in administration of justice, criminal investigation, and juvenile procedures are now available to qualified students.

The courses increase to 12 the number of Police Science courses now available. An Associate in Arts degree may be earned in this Grossmont College program for the first time. Vincent Alfaro will continue to instruct the major share of such courses at the college.

Prospective students may apply for the program by contacting the Office of Admissions at the college during the summer.

COURSES ADDED

A trend toward trained college graduates in the field of Real Estate in California has been given local support through the scheduling of a full two-year program at Grossmont College.

The curriculum outline, developed by the college's Real Estate Advisory Committee and the California Real Estate Association, appears in the Grossmont College 1963-64 Catalog. Five courses have been added to the business offerings to afford completion of degree requirements. They are Business 90, Principles of Real Estate; Business 91, Real Estate Practice; Business 92, Real Estate Finance; Business 93, Real Estate Law; and Business 94, Principles of Appraising.

Graduates will be prepared for employment in real estate offices, banks, escrow firms, and related agencies. Full information on the Fall program may be obtained by contacting the college office, 465-1700.

Spears Ford Firm Grows Here Again

Spears Ford, Lemon Grove's only new car dealership, is suffering growing pains again, Jim Spears, president of the firm said this week.

Under construction is a 700-ft. addition to his facility at Broadway and Massachusetts, which will house an executive office, his auto insurance section, and a conference room.

Also under construction is a 10,000 square ft. lighted parking area for new trucks. The new construction, at the northwest corner of the nearly-a-half-block big dealer location, will provide 20 per cent more working area for the firm, Spears said. A new sign has been added to the freeway side of project.

"We've enjoyed big increases in our sales and service department every year for the past eight years," Spears said. "We've added more personnel each year and provided them with more equipment to operate. This year we'll log the biggest gross of our eight year history."

Spears said his firm sold 680 units in the first year of operation. "This year we'll deliver more than 1,200," he said.

Forty-eight people are employed there at present. Eight years ago the firm operated with eight.

"It is taking six times as many people to move twice as many units as we moved eight years ago," he noted.

A new salesroom was opened by Spears last month in College Grove on the mall. It is opposite the Walker-Scott department store.

National Group To Study Career Needs of Grads

Charles C. Collins, dean of instruction at Grossmont College, will serve on the newly formed national committee to study educational and career guidance needs of American youth and adults.

The committee was established by the American Association of Junior Colleges with a grant of \$104,000 from the Carnegie Corporation of New York.

The national committee headed by T. R. McConnell, chairman of the Center for the Study of Higher Education at the University of California, Berkeley, will conduct a two-year appraisal of post high school guidance needs of young people and adults. Special reference will be given to the role of the junior colleges in helping to insure success of junior college students.

Edmund J. Gleazer, Jr., Executive Director of the American Association of Junior Colleges, commented as follows on the Carnegie-supported project: "Many of the uncertainties and the fears of young people just out of high school can be alleviated by expert professional guidance and counseling. Those young people who are unsure about whether to enter college can be helped to take the right step, and those who have set their sights on advanced training can be directed into programs of study appropriate to their interests and abilities."

"Community and junior colleges, with their varied enrollments and wide range of educational programs, can fulfill their roles in the community only through effective student counseling that will give maximum assurance of student success."

The plan is now in successful operation in Georgia. Under a grant from the Ford Foundation, Indiana, Michigan, Arizona, Florida and Vermont have begun two-year pilot projects, while Minnesota and Washington are in the advanced planning stages of similar activities.

Over 85 educators from 12 western states attended the conference. This was the last of a series of similar conferences held regionally throughout the country since January 1963, to acquaint educators with the progress of the CPGA which is expected shortly to be come nationwide in scope.

State Report Shows Boom Of Colleges

Nearly 70 per cent of all lower division college students in California now are enrolled in junior colleges, a recent report of the Coordinating Council for Higher Education has stated. By 1975 this figure is expected to increase to 85 per cent.

Continued expansion of California's junior colleges from the present 70 institutions to a total of 100 by 1976 was predicted by the state report.

A separate report dealing with the academic standing of students upon initial college entrance appeared in a recently published monograph prepared by President Daniel Milliken of Chaffey College.

The Milliken monograph revealed that of the students in the top 45 per cent of their high school graduating classes who enrolled in college the following fall, 54 per cent entered junior colleges, 19 per cent entered state colleges, eight per cent entered the University of California, and 19 per cent entered private collegiate institutions.

The report emphasized that one of the primary functions of colleges is that of providing the first two years of college for the academically able student.

CAMP PENDLETON (FHTNC) — Marine Private John M. Scheer of Spring Valley recently completed four weeks of individual combat training at Camp Pendleton, Calif.

Private Scheer is the son of Mr. and Mrs. John T. Scheer, 4232 North Rogers rd., Spring Valley. Training, conducted by the Second Infantry, under carefully selected instructors, he learned to take his place in the small fighting units, such as the four-man fire team and the 14-man squad.

Editor Wins \$1 1/2 Million Libel Suit

SAN DIEGO (CNS) — Presiding Judge of the Superior Court of San Diego County Vincent A. Whelan, in a ten-page opinion, has thrown out of court a \$1,470,000 libel suit against the publisher and editor of the El Cajon Valley News.

The suit was filed by former San Mateo assemblyman, lawyer Louis Francis, after Editor Simon Casady attacked Proposition 24, the so-called anti-Communist proposition which was defeated by the voters of California in the fall of 1962.

Judge Whelan, earlier this year, had sustained the demurrer of Casady's defense attorney without leave to amend but later found that Francis had filed a brief memorandum of points and because of that, the matter was reopened for consideration. The latest opinion also sustains the demurrer but at greater length.

Cash-Crash Program Set by LG Chamber

The Lemon Grove Chamber of Commerce, under pressure of a \$400 deficit, took two steps at the regular monthly meeting Tuesday to alleviate the financially embarrassing situation.

President Sam Pernicano was instructed by his directors to borrow \$500 for a local bank and pay up all bills which include a part due rent responsibility of \$300. The chamber pays \$100 a month for its offices at 3448 Main st.

He was also instructed by vote of the board to embark upon a membership drive that will attempt to produce 50 new dues-paying members.

At present there are slightly more than 115 active members. The added membership income would be used to amortize the loan, he said.

President Pernicano said that every board member will be requested to attempt to sign up every local business firm not now on the membership rolls.

Membership chairman Jack Cummings has been instructed to distribute cards with the names and addresses of non-members to board members. The entire community is to be solicited between Monday and Saturday of next week.

It was pointed out that Charles Buckles had brought in eight of the past nine new memberships now on the rolls.

Football Club To Register Pop Warner Players

Lemon Grove-Spring Valley Los Toros Football Club will register players this Saturday, at 8:30 a.m. at the Lemon Grove Little League field in Monterey Heights.

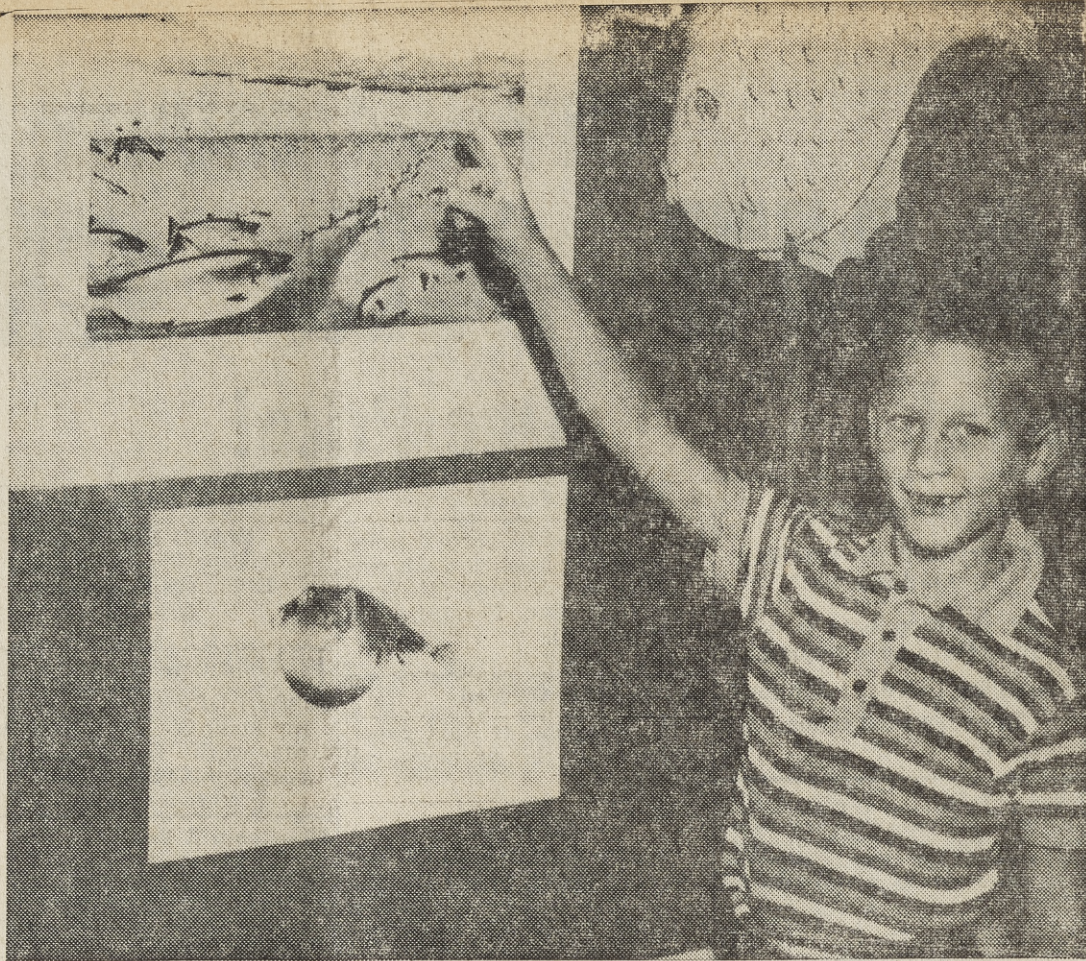

Boys 9 to 15 years of age and from 75 to 140 pounds will be registered to try-out for teams in four different age-and-weight divisions. Boys who will be 16 in 1963 are ineligible. Players will be covered by medical and liability insurance during all Pop Warner activities. There is no registration fee, but an insurance fee of \$10 must be paid before uniforms are issued.

There are 50 teams in San Diego County from National City to Oceanside. Los Toros home games are played at Mt. Miguel high school.

Boys who played last year must re-register.

Creative Approach Taken in Education

by Tom Gerton
News Editor

The La Mesa-Spring Valley School District has adopted a unique approach to education in its summer school program.

Instead of limiting teaching strictly to remedial education, summer courses in the District's 18 schools stress learning skills and creativity in special study units prepared by the District's teachers.

"A more enriched education results from this type of program," according to Miss Pat Sheehan, summer assistant at Highlands, Casa de Oro and Spring Valley elementary schools.

Advanced Approach

Taking an advanced approach to elementary education, teachers of the District actually choose and write their own course of study, called a unit, which is designed to stress learning skills in a special area, Miss Sheehan said.

The course of study later is approved by the District Director of Summer School and an advisory board.

"The resulting course of study gives both teacher and student greater freedom in their approach to subject material, allowing heightened interest and creativity," she remarked.

Unit Example

Individual teachers develop special study units in which they have strong background. For example, Miss Pam Mayencourt has developed a "Math Magic" course at Highlands school. This special summer unit employs the Cuisenaire rods to show meaning and understanding of abstract concepts.

Pupils also work with geometric solids, equations, formulas, sign numbers, proportion and scale.

Choose Study, School

Elementary school pupils in the La Mesa-Spring Valley District are allowed to choose the type of study they are interested in developing during their summer vacation, and can even choose to go to any school which offers what they want.

"This advanced approach in elementary education naturally increases the pupil's desire and initiative to attend summer school and excel in the unit studied," Miss Sheehan said.

Publishes Newspaper

Among other unique courses offered in the program is Miss Virginia Sardella's "The Spirit of America in Literature" class at Casa de Oro school.

The class, during its five-week summer stint, visited the Copley newspapers in San Diego, and published its own summer school paper called "The Golden Gazette."

Along with the communication ideas in literature, the class

recorded a classical play on tape, complete with sound effects, and presented the finished product to a school assembly at the close of school.

Assemblies are held at every school at the close of school during which time classes present the special projects they worked on, Miss Sheehan said.

Study Trips

A number of study trips were taken during the summer program. Mrs. Helen Geer and Mrs. Betty Yarbrough took their "Dinosaurs and Cavemen" class fossil digging at the beach. They returned with numerous sea fossils, according to Miss Sheehan.

Other classes visited the museums in Balboa Park, the STAR OF INDIA, and the salt water conversion plant in Point Loma.

Teacher Teams

"The Safari in Africa" class at Casa de Oro school, as well as the "Dinosaurs and Cavemen" class, were taught by teams of two teachers who divided responsibilities according to their own strengths in the course of study undertaken.

"The team-teaching plan is a new idea in education being ex-

Social Security Question Box

By Guy Deeks
Social Security Editor

QUESTION: Is social security just for old people?

ANSWER: Old-age and survivors' insurance benefits are payable to minor and disabled children and the young widows caring for these children, when the worker dies, whatever age he may have attained. When the worker dies, there is almost always at least a lump sum benefit payable. The severely disabled worker and his dependents may also get monthly benefits without regard to the worker's age.

QUESTION: I have been told that my old-age insurance benefits will be reduced if I apply for them when I am 62 years old. Will the amount of the checks remain the same throughout my life, in that case, or will I get the full amount when I become 65 years old?

ANSWER: If you do not return to work, your benefit payments will always remain the same. If you do return to work after you apply for benefits, and benefits are withheld because of this, the rate will automatically be raised to a higher amount when you are 65.

SAFARI REACHES DESTINATION — As a culminating activity of the Safari in Africa study unit at Casa de Oro school, class members presented a play at the close of school about Dr. Schweitzer's coming to Africa. From left to right are Bob Womack, Kash Bell, Gary Bernardini and Leslie Frank. The class was taught by Miss Van Phegley and Mr. Don Hensley. Guest speakers who have been in Africa talked to the class each week.

Owner, Woman Cited In Bar Brawl Here

Frank's Hideout, 7343 Broadway, was the scene July 30 of a brawl that sent its owner and a Chula Vista woman to Grossmont Hospital.

The woman, Dolores Schlein, 33, 288 Broadway, Chula Vista, allegedly was struck in the face by Jo Ann De Graffen Reid, 6630 Wonderland, San Diego, and was knocked off the bar stool she was sitting on.

"She hit me right in the jaw and knocked me off the stool," Dolores Schlein allegedly said. "We had words, but she had no call to hit me. She knew I had a broken back about a year ago."

Jo Ann De Graffen Reid, who denied hitting Schlein, was arrested by Sheriff Deputies William G. Bradley and El Hughes on a battery charge.

When the two deputies contacted suspect Jo Ann De Graffen Reid at the bar, Richard M. Rehaid, proprietor of Frank's Hideout, allegedly stepped up to the deputies and ordered them out of the bar.

The two deputies then advised Rehaid that he was under arrest for "obstructing a peace officer in the performance of his duties." Rehaid allegedly ordered them to "get the hell out of here."

Deputy Bradley allegedly placed his hands on Rehaid's shoulders, placing him on a bar stool. Rehaid sank to the floor exclaiming, "My back, my back, you broke my back, somebody get an ambulance," the deputies said.

Both Rehaid and Dolores Schlein were taken to Grossmont hospital via ambulance. Rehaid allegedly was cited at Grossmont hospital, and refused to sign the citation.

After extensive X rays and physical examinations on Rehaid, Dr. D. H. McColl said there were no objective symptoms of any injury.

Soda Pop Mystery

All Sheriff's deputies could find at Highlands elementary school in Spring Valley were muddy tracks of a large dog and numerous fingerprints. Somebody, or something, last week and previously forcefully entered the teachers' dining room and devoured 14 bottles of soda pop, according to Jerry John Bail, custodian at the school. About \$26 in damage and soft drinks has been estimated.

Riding Sling Shooters

Henry H. Schmidt told Sheriff's deputies last week that two boys riding bicycles drove on his property and broke three windows in his house, at 9210 Olive, S.V., with sling shots. A neighbor told Schmidt, who was out driving with neighbors, about the incident.

Cravat Crook

Six men walked into Lemon Grove Highlander last Friday, and one was observed taking a cravat from the necktie rack according to Claude Sarius of the Highlander.

the Sheriff had been called, the suspect removed the tie from its hiding place and fled with his companions in a car that has been identified.

Bike Missing

George Sprague, 6665 MacArthur, L.G., reported to the Sheriff's office last week that a brown, English made bicycle 6630 Wonderland, San Diego, was stolen from his residence between July 28-29.

Guns Gone

Two hand guns and ammunition valued at \$150 were reported stolen last week by Edwin Albert Harvey, 6525 MacArthur, L.G.

Cigarette Theft

William M. Wallace, 9055 Terrace dr., S.V., reported last week the disappearance of cigarettes from his home. On Monday, he said one pack was taken; on Tuesday four packs were gone; and on Thursday and Friday one pack was missing.

Pincher Pinched

Richard Lee Scott, 24, of 4145 45th street, San Diego, was arrested last Saturday on a charge of assault and disorderly conduct. Judith G. Fant, who made the citizen's arrest, said Scott entered her house at 3454 Harris st., L.G., while she was asleep, and pushed her around and pinched her.

Deputies allegedly found Scott hiding under the bed when they arrived and had to use force to get him into the patrol car.

Bike Found

D. B. Parr, 8080 Golden ave., Lemon Grove, reported Friday that he found a Regal, English made bicycle at his residence. The bike is red and has motor-cycle-type handle bars.

Purse Picked

Pamela A. Howard, 3540 Bancroft st., Spring Valley, said her purse, which contained about \$50, was stolen from her car Sunday while she carried her baby into the house. She said she later found the purse on the front steps, everything intact save the cash.

Shot At

Robert C. Harvey, 6531 Malcolm, S.D., reported that while he was driving south on Mass. ave. in Lemon Grove Sunday someone shot at his car and broke a portion of his windshield. The windshield was broken by what appears to be a .22 cal. projectile, according to Sheriff's deputies.

Held at Knife Point

Vernon W. Perry, 1744 Dartmoor, L.G., said he was held at knife point Monday by three older boys who allegedly set fire to a trash can at the home of Harold Palmer, 1621 Dartmoor.

Gary Rhodes, of 1632 Dartmoor, reportedly chased the three suspects and caught the one who had the knife. When the suspect drew the knife and said he would use it if not for the Highlander.

When accosted and told that the trio fled from the scene.
